THE CONSENT CALENDAR

PURPOSE: The Consent Calendar is a parliamentary procedure used to deal with non-controversial resolutions, without debate and without voting.

USE: All resolutions are initially placed on the Consent Calendar. Each resolution is called and all non-controversial resolutions remain on the calendar to be automatically accepted or rejected in accord with the recommendation of the Resolutions Committee. All other resolutions are removed from the Consent Calendar for review and debate prior to being voted on.

PROCEDURE: Initially the Chairman of the Resolutions Committee will call each resolution by number and title only, also reading the recommendations of the Resolutions Committee. If there is no objection from the convention floor the Resolution will remain on the Consent Calendar and the recommendation of the Resolution Committee will be the action of the State Council on said resolution.

If there is an objection to the recommendation of the Resolutions Committee or if a delegate wishes to discuss the resolution, he should approach one of the floor microphones, identify himself by name, council name and number and delegate status. He should then state, "I wish to have this resolution removed from the Consent Calendar", or simply state, "Objection". The resolution will then be removed from the Consent Calendar without discussion.

The resolutions remaining on the Consent Calendar at the end of the review will be accepted or rejected according to the recommendation of the Resolutions Committee. Those resolutions removed from the Consent Calendar will be opened for discussion, debate and other parliamentary procedures at a later time during the business session of the convention. Each side, "For and Against", the resolution, will be allowed three speakers. At the call of the Resolution Chairman the delegates will then vote on the resolution all pursuant to Robert's Rules of Order.
