

# Blessed Michael McGivney

## Statue Project Newsletter

December 2022 Issue No. 13

Let me start off by wishing you and your Families a Merry Christmas. May Our Lord and Savior, Jesus Christ, grant you health and peace during the blessed season of Advent.

Thank you to all that have donated bricks. Because of your generosity and dedication to our Founder, we were able to begin construction on the Blessed Michael McGivney Plaza and Walkway. We anticipate construction and installation of the statue to be completed prior to our State Convention being held in May 2023 in Ontario.

Those that have not had a chance to donate a brick, there is still time to do so. There is a limited number of brick spaces available. The website for ordering will remain open until all the space for bricks is filled. Please remember that the spaces available are limited and once filled the brick program will end.

Soon the public will be able to see our devotion to our founder Blessed Michael McGivney as his likeness stands tall for all to see.

Again, thank you for your support.

Order your bricks on-line today, using either a credit card or check. [www.bricksrus.com/donorsite/McGivney](http://www.bricksrus.com/donorsite/McGivney)

As always, your donations to the Museum are Tax Deductible.
