

Life Programs Chairman

Dale Pittman, Chairman

programs@californiaknights.org

There are many life activities issues that will be and are affecting California and the California Knights of Columbus in 2022-2023, from the Supreme Court decisions and California's (proposed) laws and Constitutional Amendments to the new Supreme Council Program of "Aid And Support After Pregnancy" (ASAP).

Our Life programs are here to enable Brother Knights, their families and others to make a substantial difference in how Life is viewed and thus impacted in a world that seems to have lost its way. Each of these areas enable us to truly live our lives in how we view the preciousness of Life from Conception through Natural Death. Each Life is important in how it demonstrates God's Love for each of us, how we live our own life and how we treat others.

As one of the Faith in Action Programs, Life Programs weave its threads throughout all of the Faith in Action Programs that creates an environment to affirm a Knight's devotion to being Pro-Life and Pro-Family. We have many substantive areas for you to be involved in, from Activities that you can support individually or in council groups, locally, regionally or state-wide. If you are already involved in one or more areas, re-affirm your commitment and spread the word. If you haven't yet found your area of interest, pick one (or more) of the areas and see what one person or the council can contribute.

Please read over each of the following articles from our different Life Activities Chairman to (re)learn about the activities and directions of each area. Go to the Supreme website under Faith in Action – Life (see link below) to learn more. If you have an idea for a new Life program that can fit into one of the areas, contact that Chairman to discuss it. We have a lot of diverse programs, but we need not be constrained in the ways that we can support life through our Pro-Life activities. Additional ideas are always welcome. We are all part of God's Family.

Watch for emails from Supreme and State for notifications of Life activities or Life issues. Some may be time sensitive, so stay aware and be sure to keep up to date.

And lastly, communicate with those of us in the State Family and especially with the Chairmen of each of the Life Activities areas with your ideas, offers of support and commitment to be involved. We are your resource, because together, we will again have a successful year of Culture of Life Activities as we return to being able to come together again.
